Give official fall term enrollment figures (head count) for the current and preceding four academic years and undergraduate and graduate degrees conferred during each of those years. The "current" year means the academic year preceding the on-site visit.

FT--full time

PT--part time

Note: Total graduates and degrees awarded includes students in M.Sc. Water & Environmental Engineering

The classification of the undergraduate enrollment by year is based on the earned credits (Y1: 0-29; Y2: 30-59; Y3: 60-89; Y4/Y5: 90 and above.)

\*Excludes Summer 2018 graduates

\*\*The student moved to part-time in Spring 2017

Report data for the program being evaluated.

1. Data on this table should be for the fall term immediately preceding the visit. Updated tables for the fall term when the ABET team is visiting are to be prepared and presented to the team when they arrive.
2. Persons holding joint administrative/faculty positions or other combined assignments should be allocated to each category according to the fraction of the appointment assigned to that category.
3. For faculty members, 1 FTE equals what your institution defines as a full-time load
4. For student teaching assistants, 1 FTE equals 20 hours per week of work (or service). For undergraduate and graduate students, 1 FTE equals 15 semester credit-hours (or 24 quarter credit-hours) per term of institutional course work, meaning all courses — science, humanities and social sciences, etc.
5. Specify any other category considered appropriate, or leave blank.

Note: **Administrative** includes Chair of Civil Eng., Water and Env. Eng and Director of UAE Research Center. **Faculty** includes faculty in both Civil Eng. and Water & Environmental Eng. **Other** includes Post-doctoral researchers and research associates in Water & Environmental Eng.
