RESPONSIBLE  
CONSUMPTION  
AND PRODUCTION

### Campus Operations

- Green procurement
- Waste management
- Resource efficiency

### Community Education

- Sustainability awareness

A series of online quizzes were circulated among KU community, one of the themes tackled sustainability in general. Total responses received is 302 responses and had 1 winner.

- Consumer education
- Recycling programs

A Reverse Vending Machine has been placed on KU campus in collaboration with VEOLIA group. Ku members can receive points and redeem them in many food and shopping outlets whenever they return plastic bottles.
